No Changes to S-Network Emerging Infrastructure Builders Index in Quarterly Rebalancing

(New York, September 10, 2009) The S-Network Emerging Infrastructure Builders IndexSM (TICKER: EIBI) will have no constituent changes in its quarterly rebalancing, effective 6:00 PM (EST) Sunday, September 20, 2009. The current count of 60 index constituents will be maintained.

A complete list of constituents and weights will be posted on the S-Network Emerging Infrastructure Builders IndexSM web site, (http://infra.snetglobalindexes.com/about_the_indexes.php).

The S-Network Emerging Infrastructure Builders IndexSM is a capitalization-weighted, float-adjusted index of the most prominent infrastructure stocks from developing and middle-income countries, plus a limited number of developed market stocks with extensive emerging markets operations. To be included in the EIBI index, stocks must pass multiple screens, including for capitalization, float, exchange listing, share price and turnover.
