

Three Additions/Two Deletions in S-Network Emerging Infrastructure Builders Index Quarterly Reconstitution

New York, NY, September 7, 2016 -- The [S-Network Emerging Infrastructure Builders IndexSM](http://www.snetinfrastructureindex.com) (TICKER: EIBI) will add three new constituents in its quarterly reconstitution, effective 6:00 PM (EST) Sunday, September 18, 2016. Two constituents will be removed, changing the number of index components to 84.

The additions to EIBI are: Cap Sa (TICKER: CAP CI), lochpe-Maxion S.A. (TICKER: MYPK3 BZ), and Chongqing Iron & Steel Co-H (TICKER: 1053 HK).

The deletions from EIBI are Huaxin Cement Co Ltd-B (TICKER: 900933 CH) and Italcementi Spa (TICKER: IT IM).

A complete list of constituents and weights will be posted on the S-Network Emerging Infrastructure Builders IndexSM website (<http://infra.snetglobalindexes.com/constituent-data?index=EIBI>), as of the effective date.

The S-Network Emerging Infrastructure Builders IndexSM is a capitalization-weighted, float-adjusted index of the most prominent infrastructure stocks from developing and middle-income countries, plus a limited number of developed market stocks with extensive emerging markets operations. To be included in the EIBI index, stocks must pass multiple screens, including for capitalization, float, exchange listing, share price and turnover.

Detailed information, including constituent data, rules and price information on the S-Network Emerging Infrastructure Builders IndexSM is available at <http://infra.snetglobalindexes.com/>. Data is also available through most vendors of financial data.
